Benefits of inland shipping

- Inland navigation:
 - Friendly to the environment. New engine-technology: 1 ship=130 trucks; 1 ship emits as much as 1 truck
 - Safe and reliable
 - Cheap
 - Just in Time

(EU) Targets for the future

- Improve Inland Navigation network in Europe
 - Straubing-Vilshofen
 - Seine-Nord
 - Italy (?)
- Remove resistance to inland navigation, especially by the greens.
 - Inland shipping unknown
 - Germany is more than a railway country !
